

**Course Name: Special Event Security****Hours to complete:** 1.00**CEUs:** 0.10**Description:**

In this AIMS 2020 Safety Seminar series video course learners define special event and review all the special considerations that should be considered before building a plan. See real examples of good and bad real plans from the past showing coordination with law enforcement, homeland security, and local fire to gather lessons learned to apply to your facility plans.

**Audience:**

This program is designed for ride owners/operators, maintenance, inspectors and other amusement personnel who require continuing education and training for maintaining their certification to work in their respective positions per AHJ regulations and/ or company policies. This program is also ideal for individuals wishing to remain current on latest industry trends, standards and best practices applicable to their day to day job duties as it relates to their role.

**Specific target audience includes:**

Owners/operators, management and security personnel responsible for hosting special events.

**Prerequisites:**

Participants enrolling in this course:

- Must have access to a mobile device or computer with connectivity to the internet for viewing the content within the learning management system.
- Must log in with their unique email and password credentials to access their course materials.
- Must have access to a stable, high speed Internet connection for optimal viewing of the content to minimize potential for buffering of multimedia in learning programs.

**Evaluation:**

Successful course completion includes:

- Review of the module content in its entirety
- Successful completion of the module quiz
- Completion of the module course evaluation survey

Upon successful completion of all modules, participants must complete the course survey and then will have access to download their credentials and any associated CEUs.

**Outcomes:**

Participants in this course will

- Define special events.
- Review special considerations for special events.
- Discuss lessons learned from past special events real examples.
- Discover the benefits for debriefing your plan and measuring the success and opportunities of the plan.

**Expectations:**

Students will watch a learning module of content from the AIMS 2020 Safety Seminar video series and complete the assessment quiz at the end of the module.
