

Course Name: Being the New Safety Person

Hours to complete: 0.75

CEUs: 0.10

Description:

Today's diverse workforce provides many opportunities for supervisors to advance into safety leadership roles before they have had specific safety training or without qualifications as a trained safety professional. This one-hour course will give a very brief overview of the safety profession in the amusement industry and will offer guidance to beginning safety professionals in creating and improving the safety culture in the workplace.

Audience:

This program is designed for ride owners/operators, maintenance, inspectors and other amusement personnel who require continuing education and training for maintaining their certification to work in their respective positions per AHJ regulations and/ or company policies. This program is also ideal for individuals wishing to remain current on latest industry trends, standards and best practices applicable to their day-to-day job duties as it relates to their role.

Prerequisites:

Participants enrolling in this course:

- Must have access to a mobile device or computer with connectivity to the internet for viewing the content within the learning management system.
- Must log in with their unique email and password credentials to access their course materials.
- Must have access to a stable high speed internet connection for optimal viewing of the content to minimize potential for buffering of multimedia in learning programs.

Evaluation:

Successful course completion includes:

- Review of the module content in its entirety
- Successful completion of the module quiz
- Completion of the module course evaluation survey.

Upon successful completion of all modules, participants must complete the course survey and then will have access to download their credentials and any associated CEUs.

Outcomes:

Participants in this course will

1. Complete an assessment of the current safety program
2. Describe what a positive safety culture looks like
3. Explain what OSHA is and does
4. Discuss the elements of a model Safety Program
5. Give examples of Hot Topics in the workplace safety business

Expectations:

Students will watch a learning module of content from the AIMS 2020 Safety Seminar video series and complete the assessment quiz at the end of the module
